

Pre-Codeathon Resources and Programming Tutorials

For those with USF accounts, LinkedIn Learning tutorials are available. We recommend some of the following tutorials below to get started.

[Using Public Health Data Sources](#)

Working with COVID-19 data

[Learning R](#)

R for data science

[R Essential Training: Wrangling and Visualizing Data](#)

Make your data make sense

[R Essential Training Part 2: Modeling Data](#)

Model data with R

Other Publicly Available Sources:

[Python Programming \(Automate the Boring Stuff with Python\)](#) – Youtube Series

[RStudio Education](#)

[Basic Programming Skills in R](#)

[Utilities in R](#)
